Fabric & Upholstery Cleaner

A gentle foaming cleaner designed to remove in-ground grime, refresh, and restore the natural finish to classic and modern fabrics and upholstery. Suited for sensitive cleaning operations, but is also capable of tackling a wide variety of tough organic, and inorganic based stains.

Features + Benefits:

Developed with the needs of classic fabrics and upholstery in mind

Removes in-ground grime and restores the natural finish to fabric and upholstery

Performance cleaning agents

Suited for sensitive cleaning operations

Capable of tackling a wide variety of tough organic, and inorganic based stains

Delicate to classic fabrics and upholstery

Restores the natural finish

Compatible with all modern fabric and upholstery surfaces

Directions For Use:

01
First test on an inconspicuous area to check for colour fastness. If no dye transfer is present, it is safe to continue.

02
For light soiling of upholstery and carpets apply a light mist of product onto one area at a time, and agitate with a general purpose microfibre cloth, soft upholstery or leather brush. Blot the surface with a dry, general purpose microfibre towel to soak up and remove residual product. If the stain remains, repeat the process.

03
Finally, leave area to air-dry before using.

04
For spot removal on upholstery and carpets spray directly onto the stain until saturated, and allow to dwell for 1-2 minutes. If necessary, work the product into surface with a soft upholstery or leather brush to help break down the stain. Blot the surface with a dry, general purpose microfibre towel to soak up and remove residual product. If the stain remains, repeat the process.

05
Finally, leave area to air-dry before using.

NOTE: Take care on Wool, and other natural-fibre materials.

STORAGE: Store the bottle in an upright position in a cool dark place and ensure lid is replaced after use.

Unit 1, Sheldon Nurseries,
Stanboro Lane,
Elmstone Hardwick,
Cheltenham GL51 9TN

All this. By hand.
