Fallout Remover

A reactive bleeding formula that specifically targets iron-based contamination. Its high-performance reactive formula also contains strong degreasing agents to help loosen road grime and films. Suitable to use on all exterior surfaces, including paintwork, stainless steel, aluminium, chrome, glass, plastic, anodized finishes, and rubber.

Features + Benefits:

- Reactive Bleeding Formula
- Highly concentrated
- Fast acting
- Acid-Free pH Balanced formula
- Safe on all exterior surfaces

Directions For Use:

01 Wash surface to remove loose dirt and grime.

02 Apply liberally to the surface being treated.

03 Allow to dwell for several minutes, or once the area is bleeding and turned dark purple, and agitate if required.

04 Thoroughly rinse the treated surfaces with a pressure washer or hose to remove residue. Repeat full process if necessary.

NOTE: Do not apply to warm surfaces, in direct sunlight, or the ambient temperature is below 0-degrees Celsius. Always ensure product residue is rinsed thoroughly, and do not allow the solution to dry on surfaces. Gloves are recommended whilst using this product, and should always be used in a well-ventilated environment.

STORAGE: Store the bottle in an upright position in a cool dark place and ensure lid is replaced after use.

Unit 1, Sheldon Nurseries,
Stanboro Lane,
Elmstone Hardwick,
Cheltenham GL51 9TN

All this. By hand.
